

Please do join us on Ash Wednesday 5 March 2025 as we join together to pray for our world.

We will meet at 12noon for a simple service of reflection, repentance and hope with ashing. This is an opportunity to connect our Ash Wednesday observance with the harm that our reliance on fossil fuels is causing.

We join in solidarity this day with many Christians and Christian organisations who will be gathering in Central London to hold a Service and Vigil with the focus on asking the Government to end new Fossil Fuel extraction in the UK.

We believe that praying together for our world is a powerful action we can do together. Please do join us if you can!

Ash Wednesday 5 March @12noon in City United Reformed Church, Windsor Road, Cardiff CF10 3BZ.
